# YEARBOOK DEDICATION GOES TO CATHI DALLESSANDER

As a class we would like to thank you for all that you have done for us throughout our four years at WLHS. You are more than just a class advisor, you are an inspiration to all of us. You care about our class as if we were your family, and we couldn't be more thankful to have such a dedicated and enthusiastic class advisor. You helped us grow into young ladies and gentlemen, and have prepared us for all that life has to offer after high school. You are the greatest! Thank You so much!!

Yours, Truly,  
The Class of 2014

Dear Class of 2014,

What an amazing adventure this last four years have been. I have thoroughly enjoyed working with the Class of 2014 during each and every moment... whether it was a class meeting, fundraiser, float building, badminton tournament, parade, assembly, or some other event. When I first started at WLHS, your class, friends, and families welcomed me into this community with open arms.

I would like to thank you for all of the learning experiences, dedication, hard work, and unforgettable memories. We can all remember the times we laughed together and learned not to take life so seriously. Being with one another and supporting one another was what it was all about. That's how we did it. And that's the same in life... to always see the good in one another.

As I have watched you grow over the years, I see people who are ready to take on the world. You have amazing compassion for people and a work ethic that will take you all far. Each one of you have so much to offer this world, and so much more to become. You are all powerfully unique individuals.

Branch out, Go beyond. Reach for your dream.  
- Mrs. Dallesander

"It well may be  
That we will never meet again  
In this lifetime  
So let me say before we part-  
So much of me  
Is made of what I learned from you  
You'll be with me  
Like a hand print in my heart  
And now, whatever way our stories end  
I know you have re-written mine  
By being my friend."

It has been a great time for me here at WLHS. Although I've achieved so much, the memories I've created with my friends and teachers have been the best. Thanks to Mom and Dad, Alaina and Megan for all your love and support. Thanks to all my teachers and friends for your kindness and understanding. Good Luck Class of 2014.

**Paula Lucafo**

Paula Lucafo was hired right after graduating from college. She actually began coaching field hockey before school even started. During her time here, she has taught all levels of French and Spanish. She has been in the same room for all but the first five years. The one thing that makes her most proud that her colleagues and administrators named her Teacher of the Year in 1999.

Over the years at WLHS, in addition to coaching and serving on multiple committees, Ms. Lucafo has been an Area Leader and a Department Chairperson. She has helped with costuming for the Senior Class play, coordinated the visit of Spanish entertainment groups to perform at WLHS, and chaperoned field trips to NYC and Italy! For several years she has organized a group of students to perform at the International Experience Day at Bay Path College. "I am most proud to have sponsored and awarded the Smith College Book Award each year."

After Ms. Lucafo leaves WLHS she says, "I don't have any plans right away. I plan to relax, read, work on my house and garden. After that, I plan to travel." She says she will miss the students, staff and the connections she has made over the past years. A few things he will not miss are the paperwork, the drive every morning, and getting up so early to come to work. Her Sunday evenings will take on a whole different feel now that Mondays won't be so early.

To new teachers, Ms. Lucafo advises, "Make sure that your students know that you care about them, not just the subject matter. Remember that teaching is the highest honor and the highest responsibility that anyone can have."

Ms. Lucafo laughingly says her most embarrassing moment in her career was "when I brought a group of students to a Spanish performance and the kids persuaded the singers to bring me up on stage and serenade me in front of the entire auditorium filled with students from other schools." Her fondest memories, "are when former students come back to visit, especially those students who graduated from my alma mater."

To Class of 2014, "I am a firm believer in random acts of kindness. Try to build this into your life. It doesn't have to be big. It will make you feel better than the recipient of your kindness." Her last words of advice are, "from the time I was a little girl playing school with my dolls and books, I have always wanted to teach. I am glad to have spent my career as a member of the most noble of professions. Teaching multiple generations of students has been fun. I will miss you all."

*Ms. Lucafo we wish you a very happy and relaxing retirement, come back and visit, we will miss you very much! Take care, feliz jubilación vivir bien! - WLHS staff, faculty, administration, and of course your students!*

# We Wish You a Great Retirement

**Marilyn Gragnolati**

Marilyn Gragnolati started as a substitute teacher in the district and began her art teaching career at the high school in the 1978-79 school year. She split time between the High School, Southwest school and when that school closed she was moved to the Middle school where she taught 6th grade art (plus 8th grade English for one year!) She was out of a job for 2 years because of declining enrollment, but was hired back at the High School in 1988 when a teacher retired and has been at WLHS ever since!

Throughout Mrs. Gragnolati's career at Windsor Locks High School she was the first teacher to introduce an AP course to the school (1998) and also was the first advisor for the FIRST robotics team which was started in 1995. She continued in that role for 17 years before giving it up to Mr. Davis 2 years ago. There were several years that Mrs. Gragnolati was an advisor for an art club at the request of one of her students. If you look back at a few of the yearbooks from the 1980s you will see some of her illustrations. She has also painted the play billboards in the auditorium starting in 1989 (Carnival). Little known fact...she worked with several parents to design and paint the 4 murals that are in the gym-auditorium at both North and South Schools. She has organized and led two cultural trips, one to Spain and the other to Costa Rica.

After Mrs. Gragnolati leaves WLHS she will be moving to the 'active adult' community in South Carolina where Mrs. Welch (former business teacher) now lives. She will be setting up an art studio where she will spend a lot of her time, but also plans to travel, as that is something she loves to do.

Mrs. Gragnolati advises new teachers to, "Connect with your students by sharing your passion for your subject. If you are enjoying yourself, the students may be also, and they will be more motivated to learn." Mrs. Gragnolati says, "I will miss the students and my colleagues, but am happy to leave all the 'paperwork' kind of things (grading, planning, data collecting) - they are no fun."

Mrs. Gragnolati said her most embarrassing moment was, "I thought I had set off the fire alarm using a small enameling kiln, but it turned out to be from the construction area (phew!)." Her fondest moment is when former students come back to visit and tell her about their lives and successes!

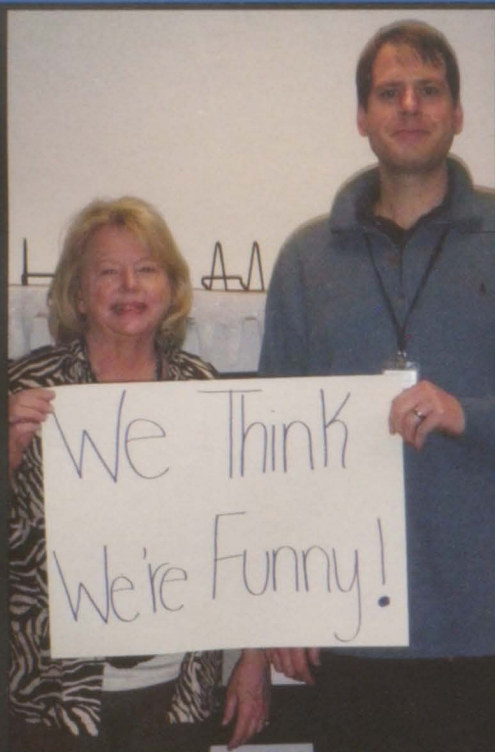

To her graduating seniors she says, "don't be afraid to fail. Try new things. Call (visit) home often. Pay it forward," as her last words of advice and to everyone else she says "God bless you all!"

*Mrs. Gragnolati we wish you a very happy, relaxing life in South Carolina, come back and visit, we will miss you very much! - WLHS staff, faculty, administration, and of course your students!*

Alissa,

As you graduate and get ready  
To make your way in the world,  
there are so many things

I want you to remember:  
Remember to love  
who you are  
And where you are  
At every moment in time

Be happy,

Remember to try,

To take chances  
And make mistakes

Life can be confusing at times,  
But it's also full of surprises  
Remember to make time  
For yourself

I'm so proud of you, you worked  
very hard!! And remember, Mom  
will always be there for you! I love  
you with all my heart!

Mom

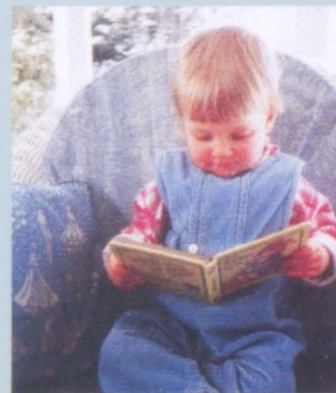

**Congratulations on your  
Graduation!**

**Believe in yourself!  
For within you is everything  
you'll ever need to make those  
dreams come true.**

**Ummie and Pa**

**Love you to the moon and back!**

You're a wonderful daughter  
And whenever I'm tempted  
To take all the credit  
I remember that all I did  
Was guide you a little,  
and you did the rest.  
You reached high for your dreams  
and worked hard  
For everything you've accomplished  
And it makes me proud  
Knowing you're my daughter  
And I wish you even more  
Success and happiness in your next  
Chapter of life.  
I'm so proud of you!  
Love you always,  
Dad

**Goals are good!**

I can see us years from now still  
laughing about the same things  
and sharing the good and bad  
things in our lives just like we do  
now. Forever sisters, Summer.

Dear Karen,

It is so hard to sum up our feelings about you in a few paragraphs. Just know that we have been very proud of you since the day you were born. You have a natural happiness and a beautiful smile that is very contagious. You are also very generous. We remember when you were about three years old and used to wear a lot of beaded necklaces to Church. You would give a necklace to the parishioners around you to wear during Mass and collect them at the end. You did this week after week. People adored you then just as they do now. We also remember when you defended Santa Clause day after day at the bus stop. You were very determined to make sure the spirit of Christmas lived on.

You always seemed to have a goal in life. You succeeded in getting what you reached for. We love the fact that you were so passionate about show choir in both the WLMS & WLHS and that you loved every minute of chorus and the class plays. I believe your music teachers saw your commitment for their programs since the first day you entered your class rooms.

Here is one last thought we have for you. You have had your many "ups and downs" with friendships over the years. We will never forget the countless nights of "pillow talks" to get you through troublesome times. You are a true friend to those who give you the chance. We love you for that quality. You found out who were your truest friends in your senior year. It's amazing how things have come around full circle for you. You have never been happier in life than you are now. Never forget these days. The friends that are worth keeping will remain in your life forever.

You are the sweetest daughter, sister, granddaughter, niece and friend that anyone could ever ask for.

Don't ever change.

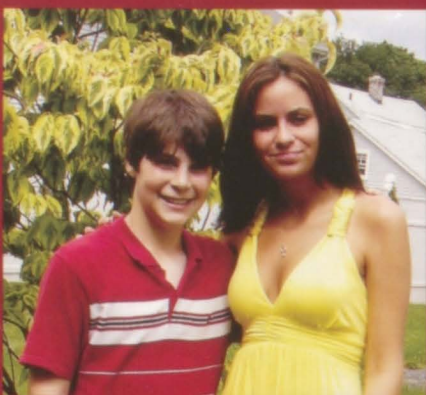

Love, Mom and Dad

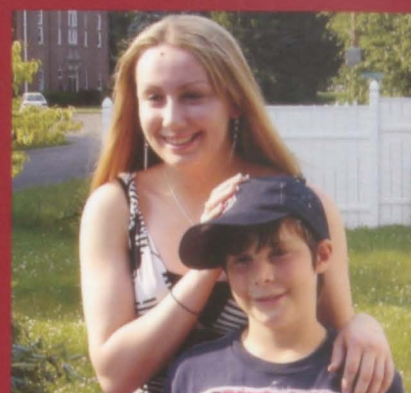

Dear Jon, Since the day you were born, you have brought so much joy and laughter to our home. We have watched you grow from the little preemie baby to a handsome, strong, compassionate young man. I am most thankful for your great sense of humor, your loving and caring heart for everyone in our family, and the world around you!! You have given so much to so many people through all your community activities. I am truly going to miss seeing you play soccer, I love the determination and the love you bring to the sport. I'm also proud of you trying something new your Senior year, wow, you have proven you are talented in many ways. We always had faith in you, you needed to find it in yourself!! We wish you all the best in life, determination to face your challenges, and the morals and values that have driven you so far, to continue. We will be here for you whenever you need us! You can accomplish any thing you desire as long as you are willing to work for it!! Remember, no matter how big you get you will always be my "little Nut Brown Hare, I love you to the moon and back!!!"

"I love you forever, I like you for always, as long as I am living my baby you will be!!" love Mom and Ken <3

I can't believe my lil bro is all grown up!! Congrats, we are so proud of you! "May your dreams stay big & your worries stay small" go do BIG things!!! Love you :) Sabrina and Patrick <3

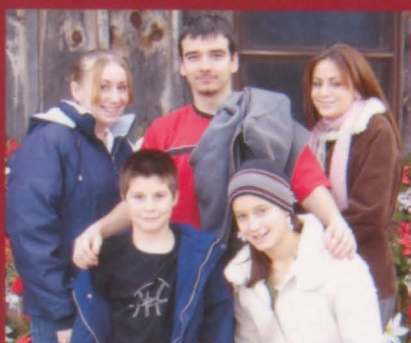

Jon,  
Congratulations on graduation! It's hard to believe you are already so grown up! I'm glad to have been part of it for so many years, you've really grown into a great person. Do whatever makes you happy and follow your dreams.

Love ya, Heather

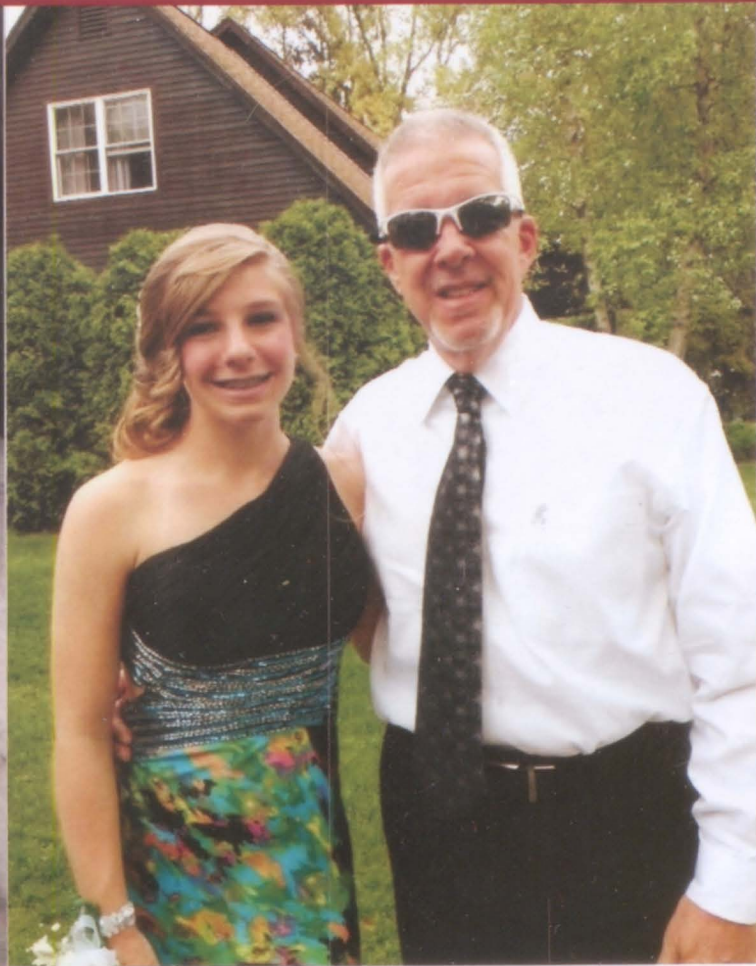

PS. Try to match now and then too!!!)<3.

Jonathan, I don't know where to begin there is so much to say. First off, I am so proud of you. You have come so far and have achieved so much in your seventeen years. I still remember the days we use to play in the snow and make amazing snow caves. We would disappear for hours and mom never knew where we were. Also, the days we use to play match box cars on the rug and pretend we ruled the town. I have so many amazing memories of us together that I will cherish for a lifetime. I know your life hasn't been the easiest of journeys, but it has made you the amazing man you are today. Yes, I just admitted you're a man now, even though I will always call you my little bro. You have matured into a smart, caring and amazing person. You are truly the best brother anyone could ask for. I am so happy to call you my brother, and my best friend. I can't wait to see what life has in store for you. I know in my heart, that no matter what you decide to do, the world is better off because you are in it. I love you Jonathan, lil bro, and always will. Love always,  
Becca

 You make us very proud. We wish you  
 a very successful future and look  
 forward to seeing you grow.  
 Never forget your important words ....  
 "I own it!"

With lots of love,  
 Mom, Dad, Brian and Julie

Steven,

It's amazing at how fast time has gone by. We've seen you  
 grow into a wonderful person who excelled not only in school,  
 but at everything you set out to do. Watching you play soccer  
 starting at a young age and throughout all your school years  
 has been enjoyable. Enjoy your college experience at  
 Millersville University. We wish you every success in the future.  
 Congratulations to you and the class of 2014.

Love,  
 Mom and Dad

Little Bro,  
 I am so proud of you for all you've achieved.  
 I know you are going to succeed in  
 everything you do! I admire you and wish  
 you the best in your future path in life.  
 Love,  
 your Big Sis

Steven,

I can't believe you're already graduating high school and getting ready to move down to Pennsylvania. Growing up  
 with you has been one of the funniest and most amazing experiences anyone could ever ask for. Trips to Wildwood  
 and Turks and Caicos, annoying dad and making mom laugh, sitting on the couch watching South Park and SNL;  
 we've had and will continue to have so many great memories. I am so blessed and proud to be able to call you not  
 only my little brother, but my longest and closest friend. I know you've got a ways to go until you catch up to me  
 height-wise, but you'll get there soon. And that being said, I already look up to you in so many ways and I can't wait  
 to see all the incredible things you do in the future. Even when we're on opposite sides of the country, you know I'm  
 always just a phone call away.

Love you, bro.  
 Matt

# Becky,

We've watched you grow from an adorable baby girl to a beautiful young woman, who made us very proud parents. For the past four years, it has been a wonderful experience watching you dance and sing for Vocal Motion. Keep singing and smiling!! Now you are moving onto the next chapter in your life, we know you will succeed in whatever you choose in life. Reach for the stars Rebecca Louise!

Please remember... You DO Make Us Proud!!

We love you so much

Yesterday's the past, tomorrow's the future, but today is a gift. That's why it's called the present. ~Bill Keane~

Well Beck, you're officialy graduating and getting out of this place. It seems like just yesterday we were both getting the same awful haircut because I wanted to be just like you. We had mullets, but hey, we were in it together. I can't change that your'e my big sister, and I can honestly say that even if I could change it, I wouldn't. You may not know it, but you've helped me through the hardest times. You're my rock and I don't know what I'd do without you. It's going to suck when you leave for college, but we'll have Annie to keep your bed warm for you, although she could never take your place. Now that you're leaving the school though I don't know what I'm going to do in chorus. I still have 2 years left here...help! But anyway, congratulations Biddy! I love you so much and I can't wait until the One Direction concert this summer, yaaaaaass!

Looking back, I realize that time moves way too fast, and that growing up only happens once in a lifetime. With that in mind, I can honestly say I couldn't have picked a better sister to share that once-in-a-lifetime experience with. Not too many people can say they got to grow up alongside their best friend. Always remember that home is where the heart is, and that your family will always be here for you, no matter what. Congratulations Beckles. I love you.
